

# MOHAMED BAHA

## SUMMARY

Hello, my name is Mohamed Baha and I am a frontend and backend developer with expertise in web design and proficiency in Adobe products. With years of experience under my belt, I have worked on a wide range of projects that span across various industries. My passion lies in creating visually stunning and highly functional websites that are optimized for performance and user experience. My skill set includes expertise in HTML, CSS, JavaScript, React, Node.js, and many other technologies. In addition, my professional experience working with Adobe products such as Photoshop, Illustrator, and InDesign allows me to create exceptional designs that are both aesthetically pleasing and functional. I am always looking for new challenges and opportunities to enhance my skills as a developer and designer.
